

## Health & Safety Data Sheet

### **Manufacturer**

Metsec Plc  
Hepsec Division  
64 Bayton Road  
Exhall  
Coventry  
CV7 9EJ

Telephone : 02476 585600  
Fax : 02476 585648  
Email : [hep@metsec.com](mailto:hep@metsec.com)  
Web Site : [www.metsec.com](http://www.metsec.com)

### **Products**

Cold rolled sections manufactured from pre galvanised mild steel. Some sections may be manufactured from pre painted material.

A light trace of cold rolling lubricant may be present on the steel surface.

None of these materials give rise for concern in the above regulations.

### **Product Use**

Always use products for the purpose intended as described in our technical literature.

When subjected to elevated temperatures during welding or cutting, toxic fumes are produced. Inhalation of these may cause metal fume fever, a short lasting condition with symptoms similar to those of influenza. Therefore adequate ventilation or fume extraction should be provided, and where necessary, protective masks should be worn.

If skin irritation occurs, rinse well with clean cold water, then wash thoroughly. If symptoms persist obtain medical advise.

In the event of eye contamination or if any product is swallowed seek medical advice immediately.

Metal products may have sharp corners and edges which can cause lacerations.  
Always use suitable gloves when handling.

When working overhead or when cutting metal products, the use of protective eye glasses is advisable.

Metal is a good conductor of electricity. Proper precautions should be taken when working near live power lines or electrical equipment.

Metal can become charged. Static electricity may cause sparks when earthed.

Personal hygiene is important, always wash hands well particularly before eating.

### **Product Storage**

Product should be stored dry and stacked in a safe manner

Never rely on banding for lifting, always use suitable slings.

### **Product Disposal**

Dispose of product in accordance with local authority regulations.

### **Health & Safety Relevant References**

No 43 Safety in Mechanical Handling

No 47 Safety in Stacking Materials

No EH40 Occupational Exposure Limits

November 2005.
