

**SAFETY DATA SHEET**

**1. IDENTIFICATION OF THE PREPARATION AND COMPANY**

**Products:** PLASPRUFE MP  
PLASPRUFE 2000SA

**Product Use:** Self-adhesive waterproofing membranes

**Supplier:** Ruberoid Building Products Ltd, Tel: 01257 255 771  
Appley Lane North, Appley Bridge, Wigan, Lancs WN6 9AB Fax: 01257 252514

**2. COMPOSITION/INFORMATION ON INGREDIENTS**

Plasprufe MP and Plasprufe 2000SA consist of a polyethylene film coated with a rubber modified bitumen compound. They are self-adhesive membranes and have a silicone coated release sheet on the underside.

The products are not classified as dangerous for supply under the Chemicals (Hazard Information and Packaging for Supply) Regulations 2002 (CHIP 3). They do, however, contain or are coated with substances for which occupational exposure limits have been approved by the Health and Safety Commission, for example as Occupational Exposure Standards (OES), as indicated in the table below.

<u>PRODUCT</u>	<u>SUBSTANCE</u>	<u>OCCUPATIONAL EXPOSURE STANDARD</u>	
		8-hour TWA	15 min ref period
Plasprufe MP Plasprufe 2000SA	Bitumen <sup>1</sup>	5 mg/m <sup>3</sup>	10 mg/m <sup>3</sup>

**NOTE**  
1. The OES for bitumen fumes, generated when the product is heated to melting, is listed in EH40 as Asphalt, petroleum fumes.

**3. HAZARDS IDENTIFICATION**

These products are not hazardous to health.

**4. FIRST-AID MEASURES**

**IN ALL CASES IF SYMPTOMS ARE SEVERE, PERSIST OR CAUSE CONCERN, OBTAIN IMMEDIATE MEDICAL ADVICE.**

First aid procedures apply when the product is subjected to high temperatures, e.g. in a fire, or when heated during installation.

**Skin:** In the event of contact with hot bitumen, immediately cool affected part under cold running water for at least 10 minutes.

**Eyes:** No significant risk under normal working conditions.

**Inhalation:** Remove to fresh air if any ill effects are experienced. Rest and keep warm. No significant risk under normal working conditions.

**Ingestion:** No significant risk under normal working conditions.

**5. FIRE-FIGHTING MEASURES**

The products are combustible and release dense black smoke when they burn. In the event of a fire, wear protective clothing. In confined areas wear self-contained breathing apparatus to prevent inhalation of harmful products of combustion. Extinguish fire with foam or dry powder. Do not use water jet.

6. **ACCIDENTAL RELEASE MEASURES**

Not applicable.

7. **HANDLING AND STORAGE**

Store under cover away from sources of heat and ignition. Refer also to product technical literature for any specific conditions.

8. **EXPOSURE CONTROLS/PERSONAL PROTECTION**

The use of heavy duty gloves to protect against skin abrasion and burns is recommended. The latter for the torch applied membranes, through contact with hot bitumen or the gas torch flame during installation. If bitumen adheres during handling remove with a proprietary skin cleanser and warm water. Do not use solvents. Good personal hygiene practices are recommended after use e.g. washing hands.

9. **PHYSICAL AND CHEMICAL PROPERTIES**

These products are intended for use in cast concrete, brickwork and blockwork constructions, both internally and externally, to protect buildings against water from the ground. Additional product information including details of physical characteristics and application is available in the product technical literature.

10. **STABILITY AND REACTIVITY**

No known hazard.

11. **TOXICOLOGICAL INFORMATION**

No known hazard

12. **ECOLOGICAL INFORMATION**

No data available.

13. **DISPOSAL CONSIDERATIONS**

Dispose of waste material in accordance with national and local regulations.

14. **TRANSPORT INFORMATION**

Not classified for Road, Rail, Sea or Air Transport.

15. **REGULATORY INFORMATION**

Not classified as dangerous under the Chemicals (Hazard Information and Packaging for Supply) Regulations 2002 (CHIP 3).

16. **OTHER INFORMATION**

**Revision Comments:** This issue replaces RSDS 116, Revision Issue No.5 : July 2003.  
Section amended: 1, 16.
