

PROTECTION BOARD

temporary rigid impact protection.

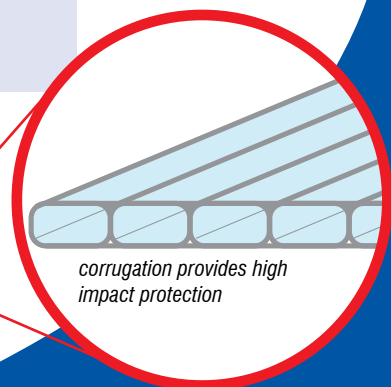

Speedline Protection Board is a versatile corrugated polypropylene board providing excellent multi-surface impact protection during site works. It can be used to protect floors, walls, partitions, doors, furniture, formwork – in fact, virtually any surface you wish to protect.

KEY BENEFITS

- Impact resistant – crush strengths from 5 tonnes/sqm (depending on board weight)
- Withstands foot traffic
- Internal and external use (external use for up to 6 months)
- 100% waterproof, non-toxic and resistant to many chemicals
- Lightweight, easy to cut and shape
- Customisable – non-standard sizes and colours are available as well as printed versions displaying company logos and graphics

SPECIFICATIONS

- Corrugated polypropylene rigid board
- Colours – black, white and translucent, non-standard colours available
- Standard sheet sizes – 2.4 x 1.2m – non-standard sizes available
- Thicknesses – 2mm (250g/sqm) and 4mm (700g/sqm)
- Electrically non-conductive
- Recyclable
